# Anthony Horderns' — Agents for Shanks'

## British Motor MOWERS

**Shanks's "Wizard" Motor Lawn Mower.**  
 Price, each ..... £75/-  
 Has 1½ H.P. motor, two-stroke type, air cooled, worked by petrol. Rollers are driven through differential gearing. Intermediate and cutter shafts fitted with ball-bearings; cuts 16in. wide. An efficient machine for extensive lawns, tennis courts, etc. A special low cut is arranged when mower is required for golf or bowling greens; self propelling.

**Shanks's "Jehu" Motor Lawn Mower.** For extensive lawns, golf links, etc. Price .. £110/-  
 Shanks's "Jehu" Lawn Mower has a 2½ H.P. petrol engine which is of the two-stroke type, air-cooled. A clutch for putting the machine in and out of action is worked by a hand lever, handy to the operator. A clutch is also fitted for putting the machine out of action when it is rolling only. Width of grass cut by machine is 20 inches.

**Shanks's "Elf" Motor Lawn Mower**  
 The machine is fitted with a 1½ H.P. engine of two-stroke type, air-cooled, working on the petrol system. The drive to the main roller and cutter is through machine-cut gearing, working in an oil bath. There are no chains on the machine, and the whole of the gearing is completely encased. All driving shafts run on self-aligning ball-bearings. The cutter has eight blades. The adjustments for regulating height of cut and cutter are simple, being effected by means of small hand wheels. Has grass box of ample capacity. 14in. Price ..... £59/10/-

### Shanks's Horse Mower

The "Triumph" is undoubtedly the best side-wheel horse mowing machine made. It cuts grass of the coarsest kind up to nine inches long or more, and also leaves a splendid surface.

The lower part of the frame is hinged, allowing the cutting cylinder to automatically clear inequalities of the ground. The operator, without dismantling, can raise or lower the hinged cutter at will.

All parts of the machine are of the best description to ensure lightness and strength, and there is really no other lawn mower made which can do the same work.

Numerous "Triumph" Mowers are now working throughout Australia on golf courses, public parks, etc., and everywhere giving the utmost satisfaction. 36 inch cut. Price ..... £135/-

# Anthony Horderns' for all Shanks's Mowers

Shanks's "Standard Chain" Lawn Mowers  
 10in. 12in. 14in. 16in. 18in.  
 £13/5/- £14/10/- £17/5/- £18/10/- £20/-  
 Prices include Grass-Boxes.

As a substantial Chain Driven Mower to cut closely, work easily, and act as a roller as well, the "STANDARD CHAIN" stands alone. It leaves the grass like velvet. The chains for driving are of the very best make, and the cutter and double-edged sole-plate are reversible. The stilt is adjustable to suit the user.

Shanks's "Caledonia" Lawn Mowers.  
 10in. 12in. 14in. 16in.  
 Lip blade £8/10/- £9/10/- — —  
 Close cut — — £12/- £16/10/-

Shanks's "Caledonia" Lawn Mowers—The ideal machine for Tennis Courts and Golf Greens. The "Caledonia" Mower has a great reputation and for all round work is especially used by gardeners. The illustration shows the "Caledonia" Mower with chain drive. The chain is of the roller type of best cycle pattern. It is light and strong and is the sweetest running chain machine in the world, and thousands are in use.

Shanks's "Ivanhoe" Lawn Mower.  
 Size 15in. 14in. 16in.  
 Price £14/- £16/-

The cutter is fitted with eight blades riveted on the crosses and runs at a speed obviating any chance of ribbing the grass when cutting. Ball-bearings are fitted on each end of the shaft for ease in working. The wheel gearing is machine cut and runs in a dust-proof oil bath. To oil the wheel gearing a small hinged cover is provided on the gear case for ready access. The ball-bearings on the cutter shaft only require to be filled with grease every few months. The main roller shaft is hollow with a screwed plug at each end. By removing the plugs and filling with oil the ratchet gear and shaft bearings are lubricated.

Shanks's High-wheel "Talisman."  
 Prices .. 15in. cut, £17/2/6; 17in. cut, £19/2/6  
 This illustration shows the "Talisman" Mower as specially made for Golf Courses. In this case it has ball-bearings and seven-bladed cutter. Used on hundreds of Golf Courses. A deservedly popular machine.
